Rioting Workers Battle Police In Heart Of Paris

Several Score Persons Reported Injured In Pitched Battle In Square

SPREAD OF STRIKE IS NOW FEARED

By GEORGES SCHILLING
(I. N. S. Staff Correspondent)

PARIS, Sept. 15.—Rioting aviation workers—numbering in the thousands—staged a pitched battle with French police today in the heart of Paris.

Several score persons on both sides were injured.

The violent clash was touched off when several thousand members of the nationalized aviation industry marched from their suburban factories into Haussmann Square, where the firm's headquarters are located.

Met By Police

They were met by several hundred Parisian police, who charged the workers in an attempt to break up the demonstration. The workers retaliated by ripping up paving stones and iron guard railings and hurling them at the police.

The riot was brought under control when two platoons of French mobile guards, armed with rifles cleaned out the area, forcing the demonstrators to retreat.

During the clash, girls within the aviation firm's building hurled wooden objects from the windows at the police below.

Broke Into Office

Some 200 workers broke into the office courtyard and trapped ten policemen who were forced to run a gauntlet of bricks and stones.

A police bus bringing up reinforcements had every window smashed by the crowd. Several gendarmes were injured by flying glass.

The rioting brought to a head France's latest outbreak of labor disorders. Sporadic strikes are taking place throughout the country. Their action brought a statement from Labor Minister Daniel Mayer that he expected occupation of principal Renault works by strikers acting on orders of the Communist information bureau.

Revival Of Kremlin Talks Eases Tension In Western Capitals

By JOHN A. REICHMANN
(I. N. S. Staff Correspondent)

WASHINGTON, Sept. 15.—Revival of the Kremlin talks on the Berlin blockade resulted today in a relaxation of the tension which has pervaded western capitals for the past ten days.

Officials in Washington kept in close touch with the situation but postponed until this morning a study of reports from United States Ambassador Walter Bedell Smith.

Smith, together with French Ambassador Yves Chataigneau, and British special envoy Frank Roberts, conferred with Soviet Foreign Minister Molotov for 90 minutes Tuesday. All emerged from the Kremlin showing a lack of optimism.

However, diplomatic quarters in Washington regard this as only natural following the apparent run-around they received in previous talks there.

Agreement Settled

At the earlier conferences, substantial agreement was reached on lifting the blockade and settling administrative differences, including currency. In Berlin, it was (Continued on Page Two)

Western Envoys Have Conference With Molotov

Speculation As To Whether Envoys Will Meet With Stalin Again

NO INFORMATION ON TALKS IS GIVEN

By NATALIA HENE
(I. N. S. Staff Correspondent)

MOSCOW, Sept. 15.—An atmosphere described as one of "guarded optimism" continued today to surround the East-West talks on the Berlin crisis.

Diplomatic circles believe that the conference, climaxed by the parley of western envoys with Soviet Foreign Minister Molotov last night, are definitely nearing completion.

Expectations now are that the talks will wind up early next week.

Britain's special envoy, Frank Roberts, conferred privately again this morning with U. S. Ambassador Walter Bedell Smith in the American embassy.

Reports Are Made

Roberts so far has not disclosed any plans to depart from Moscow. But the fact that he, Smith and French Ambassador Yves Chataigneau completed reports to their home governments before midnight was considered a favorable sign.

The speedy completion of their reports after the 90-minute talk with Molotov was taken to mean that no more unexpected difficulties were met at the Kremlin last night.

Informed quarters believe that Roberts will take his leave of Moscow next week so that he can attend the opening of the United Nations General Assembly Tuesday and deliver a direct report to Foreign Secretary Bevin.

Much speculation was kindled meanwhile by interpretation of Ambassador Smith's terse remarks (Continued on Page Two)

Armistice Day Plans Started

Daylight Observance Is Outlined For November 11 In New Castle

At a meeting attended by representatives of the various veterans organizations of the community, plans for the annual observance of Armistice Day were gotten under way, with E. Gene Schweinsberg being named chairman. The observance, according to present plans, will be a daylight affair, with a parade and program at 11 a. m. the Armistice hour.

George Hunt was named vice-chairman; Eugene A. Kirker, secretary; and Major Edward G. Eakin, finance officer.

Chairman Schweinsberg expects to name the heads of his various committees in the near future.

In addition to the parade in the morning, it is hoped to secure two high class service teams for a football game in the afternoon.

Indian Troops Driving Ahead In Hyderabad

Converge On Two Main Cities—Fierce Battle For One Town Reported

(BULLETIN)

NEW DELHI, Sept. 15.—(INS)—Indian army columns, advancing from the west and southeast, converged on Hyderabad's two main cities today.

A western invasion force announced the capture of Homnabad, less than 100 miles from Hyderabad city and nearby Secunderabad. Homnabad fell before a slashing attack by Indian armor and paratroop units, after a fierce battle in which the princely state's forces offered stiff resistance.

Counter-Attack Made

The southeastern Indian force announced the occupation of Suryapet, about 75 miles from Hyderabad city.

A New Delhi communique also said that Aurangabad, in the north-western battle region, was now in the hands of dominion troops.

A counter-attack by Hyderabad irregulars against Indian bridgeheads across the Tungabhadra river in the south was reported repulsed.

Indian army dispatches indicated that Hyderabad's defenders were weakening, in spite of contradictory reports from the princely state.

Gen. El Edroos, Hyderabad commander, said that his troops last night recaptured Jalna, which a northwestern Indian column seized yesterday.

Forty More Planes Going To Berlin To Aid Airlift

(BULLETIN)

WASHINGTON, Sept. 15.—(INS)—The air force announced today that 40 additional four engine C-54 airplanes are going to the European theater to aid in the Berlin airlift.

The 40 ships now being sent will bring the total of four engine planes in the air lift to more than 140. The expanded force will utilize airport facilities constructed in Berlin since the air lift started.

The planes were sent in response to an appeal by Gen. Lucius D. Clay, commanding in Germany. The USAF promised that it "will continue to meet such requirements as may be laid down by the theater commander . . . during the coming month."

The air force said the additional aircraft and personnel are being drawn from various areas, including the Far East. All will pass through the United States on their way to Europe.

Rail Wreck In Korea Fatal To Many Americans

Korean Train Plunges Into Rear Of Standing U. S. Troop Train

REPORT 37 DEAD; OVER 100 INJURED

By FRANK EMERY
(I. N. S. Staff Correspondent)

SEOUL, Sept. 15.—Eye-witness accounts of wholesale death, horror and heroism were brought to Seoul today from the scene of a rail crash in which 35 U. S. army men were killed and 80 other American soldiers injured.

The indicated toll of the smashup rose to 37 dead and 106 injured when the South Korean government estimated that two Koreans had been killed and 26 others hurt.

Train Hits Rear Of Troop Train

The disaster, worst of its kind since the American occupation of South Korea began, occurred last night at Naphin, 75 miles south of Seoul when a northbound Korean train telescoped into the rear of a standing train loaded with army personnel.

Nelson Is Facing Proceedings On Contempt Charge

Chairman Of Western Penna. Communist Party Declines To Answer Probers

By RAYMOND WILCOVE
(I. N. S. Staff Correspondent)

WASHINGTON, Sept. 15.—Congressional s. p. y. probers today launched contempt proceedings against a "brass hat" Communist leader in a "showdown" court battle against recalcitrant witnesses.

The House Un-American Activities committee selected for its "test case" Steve Nelson, chairman of the Western Pennsylvania Communist party. Nelson refused to answer questions connecting him with Russian atomic espionage activities in this country.

Nelson declined on the ground of possible self-incrimination, citing the fifth amendment to the Constitution as making it unnecessary for him to answer.

To Ask Contempt Citation

Rep. McDowell (R) Pa., a committee member, stated that the committee will be asked to cite Nelson for contempt of Congress for refusing to answer such questions as: Did you receive information from the West Coast about atomic materials?

Rep. Thomas (R) N. J., committee chairman, stated that as part of the "showdown" his committee also contemplates contempt action against three other witnesses—J. V. Peters, accused head of the Communist "underground"; William Rosen, involved in the Hiss-Chambers controversy; and Maurice Braverman, of Baltimore, Md., Rosen's attorney.

Many Others Convicted

Many other witnesses have been cited by the committee for contempt of Congress for outright refusal to answer questions.

Strong Guard Patrols Soviet Sector Border

By OMER ANDERSON
(I. N. S. Staff Correspondent)

BERLIN, Sept. 15.—Strong forces of western Berlin police patrolled the border of the Soviet sector today, guarding against a threatened renewal of kidnappings by Russian-dominated police.

The British disclosed that extra police have been stationed along the boundary of the British, American and Russian sectors. They said the step was taken by Johannes Stumm, western sector police chief, following receipt of information that Russian-controlled police are planning new kidnappings in western sectors.

The kidnap plan was reported to have been devised as further retaliation for the stoning of Russians and Soviet-led police during last Thursday's anti-Communist demonstration.

A close check on the boundary area showed, however, that all is quiet.

Five Youths Sentenced

Western Berlin residents were aroused meanwhile by the sentencing of five youths to prison terms of 25 years for their part in the anti-Communist demonstration.

Both Berlin city authorities and American officials protested the severity of the prison terms.

In addition, a special session of the parliamentary council was scheduled at Bonn today to protest the punishment.

Louis Glaser, retiring American military government civil affairs chief, declared that the sentences were "dictated by far and moral insecurity."

At the same time Col. J. M. Raymond, American legal chief in the former German capital, said the sentences were "shameful and bearing no relation to the offense."

Employees of 60 western sector business enterprises adopted resolutions condemning the sentences.

World Situation Is Not Improved Says Marshall

(BULLETIN)

WASHINGTON, Sept. 15.—(INS)—Secretary of State Marshall indicated today that the critical world situation has deteriorated instead of improved during the past 10 days.

The secretary told a news conference that he would welcome a little encouragement in the critical international situation, but for part, he hasn't had any periods of great relief during the past week or ten days.

Marshall made his observation after reading the report from Ambassador Walter B. Smith in Moscow on the latest 90 minute meeting of the three western envoys with Soviet Foreign Minister Molotov.

Aside from his remarks on the world situation generally, Marshall would not comment directly on the Berlin tinder box, which is the crucial point in the strained relations between the Soviet Union and the western world.

Sgt. F. V. Kennedy's Funeral Saturday

Body Of Infantryman, Killed In 1944 In France, To Arrive Thursday

Funeral services for Sgt. Francis V. Kennedy, son of Mr. and Mrs. George S. Kennedy, 120 Edison avenue, will be conducted Saturday afternoon at 2 o'clock from the Howard L. Reynolds funeral home, Adams street. Rev. George R. D. Braun will officiate at the services. Interment will take place in the family plot, at Oak Park cemetery.

The body will arrive in New Castle from Columbus, O., on the Pennsylvania railroad Thursday at noon, when it will be removed to the funeral home.

Sgt. Kennedy was killed in action November 14, 1944, at Varennes, France. After graduating in 1943 from R. O. T. C. at Penn State college, he was sent to Camp Shelby, Miss. Following further training at Camp Meade, Md., he was stationed in France. Sgt. Kennedy, a member of the 80th division of the 318th infantry, was awarded the Purple Heart.

Born in New Castle, July 21, 1921, he was a son of George S. and Mary Baldwin Kennedy. Sgt. Kennedy, a graduate of New Castle high school in the class of 1940, was a member of Epworth Methodist church and Bible school.

Survivors in addition to his parents include one sister, Mrs. Paul Spear, New Wilmington; a brother, George B. Kennedy, at home; his grandmother, Mrs. John Kennedy, New Castle; his grandfather, Abe Baldwin, at home, and two nieces.

Friends will be received at the Reynolds funeral home Thursday evening from 7 to 9 o'clock and the same hours on Friday.

REVIVAL OF KREMLIN TALKS EASES TENSION IN WESTERN CAPITALS

only after this accord that the agreement was scuttled by Soviet military commander in Berlin, Marshall V. D. Sokolovsky.

More than a week after this breakdown, the four powers agreed on a new approach to the Kremlin which would be aimed at forcing the issue.

Observers believe that this attitude has been modified to some extent.

It is believed probable that at least one more approach will be made to Premier Joseph Stalin before the important decision to proceed along present lines or through other methods is made.

Presumably the Moscow envoys will seek such an audience before the weekend.

May Appeal To U. N.

This audience is expected to determine whether new negotiations will be undertaken in Moscow and Berlin or the western powers will appeal directly to the United Nations general assembly.

Inasmuch as the assembly does not meet until next Monday, any undue haste in pushing the Moscow showdown is believed unnecessary. Moreover, the stakes are regarded as too great for hasty action.

Some sign of hope has been found also in the Berlin situation itself. The terroristic raids into the western zones by Soviet-controlled eastern Berlin police have subsided. The much-touted Communist demonstration on Sunday fell far of its mark.

And, to date, there has been no actual forceful attempt on the part of the Russian air arm to interfere with the Berlin airlift, now setting new and unanticipated records daily.

Authorities accordingly raised an earlier announcement of 27 dead and 60 hurt to 35 killed, with 35 seriously and 45 slightly injured. All were Americans.

Names of the casualties were withheld, pending notification of next of kin.

Several Koreans aboard the second train were reported killed, but official figures were lacking.

Signal System Falls

The tragic crash was blamed on failure of the railway signal system to warn the Korean train engineer that the American military train was standing on the main tracks at the Napsin station.

The Korean train plowed through the last and next-to-last cars of the American train and telescoped them into the next two cars ahead.

An uninjured soldier survivor, Charles McCarty, 29, of Chicago, who arrived at Seoul on the third relief train said it took 18 hours for rescue crews to extricate all the dead and injured from the train wreckage.

During that time, McCarty recounted, the rescue workers had to cut out the walls and floors of the smashed coaches in order to "remove the screaming injured pinned by the twisted steel."

Edenburg Resident Dies From Injuries

Brown Henley, Tractor Accident Victim, Expires This Morning

Brown Henley, aged 61 years, Edenburg, R. D. 1, died this morning at 6:28 o'clock in the Jameson Memorial hospital as the result of injuries, sustained a week ago today, when his tractor upset. He had been engaged as a truck farmer near Edenburg since 1900.

Born August 14, 1887, at Hillsville, he was a son of the late John and Angeline Brown Henley. Mr. Henley attended Cascadia preparatory school, Ithaca, N. Y., Edinboro State Teachers college and Westminster college.

Mr. Henley taught school at Hillsville, where he operated a grocery store for ten years, during which time he served as postmaster for five years. He was also employed as an express messenger on the Pennsylvania railroad.

Survivors include three children, Mrs. May Peterson, Arlington, Va.; Mrs. Coral Titus, Brookfield, O.; and John N. Henley, Edenburg, R. D. 1, seven grandchildren, two great grandchildren, two nieces and three nephews.

He also leaves two sisters, Mrs. Lizzie Paden, Los Angeles, Calif., and Mrs. Jane Gilmore, Oakland, Calif., and a brother, Thomas J. Henley, Kissimmee, Fla.

His wife, Mrs. Hilda C. Nelson Henley, whom he married August 23, 1893, preceded him in death in 1941.

Funeral services will be conducted Saturday afternoon at two o'clock from the King's Chapel Methodist church with Rev. Merle Weaver officiating. Interment will take place in King's Chapel cemetery.

of "no comment" when he was asked if there would be future Kremlin meetings.

An important British spokesman insisted, however, that "it's a fair enough comment," explaining: "He (Smith) meant neither more nor less than he said."

As it is, everyone remains pretty much at sea, although it seems virtually certain that there will be one more meeting of the four powers within a couple of days.

It had been indicated previously that if no basis was found at last night's meeting for high level conference on the Berlin problem, the negotiations would be terminated.

To all inquiries about whether there will be further meetings or a communique on the latest session came the stock answer of "no comment."

Report Stalin Declines

London, Sept. 15—The diplomatic correspondent of the London Evening Standard said today that Premier Stalin has declined to see the three western envoys again concerning the Berlin situation.

The writer, Norman Barryman, said that Foreign Minister Molotov told the western envoys at the Kremlin last night that Stalin is "in the country" and does not propose to return to Moscow for more talks.

Sources close to the British foreign office, however, speculated on the possibility of a new and final meeting of the western delegates with Stalin in a few days.

The possibility of a new conference with Stalin was considered as British officials studied preliminary reports on last night's meeting of western representatives with Soviet Foreign Minister Molotov.

Military Services In St. Vitus Church For Pfc. Sam Caravella, West Pittsburg

The body of Pfc. Sam Caravella of Twelfth street, West Pittsburg, who was killed in action in Germany April 7, 1945, will arrive at the Pennsylvania railroad Thursday at 11:19 a. m. and will be taken to the DeCarbo funeral home, East Luton at Cunningham.

Pfc. Caravella was born July 15, 1920, in West Pittsburg, son of Mrs. Louise Caravella and the late Alfonso Caravella. He operated a truck farm before entering service and was a member of the Holy Cross church. He attended the West Pittsburg schools, Ben Franklin junior high school and New Castle senior high school.

In addition to his mother, Mrs. Louise Caravella, he leaves five brothers: Joseph, Patzy, William and Albert, West Pittsburg; and Frank, of West Castle; three sisters: Mrs. Josephine Zingaro, this city; Mrs. Julia Tumminella and Catherine, of West Pittsburg, and his grandmother, Mrs. Rafaela Caravella, this city.

Friends may call at the DeCarbo funeral home any time after four p. m. Thursday. Funeral services will be conducted Friday morning at 9:30 o'clock in St. Vitus church with a solemn high requiem mass. Burial will be in St. Vitus cemetery.

FAILS TO APPEAR

A man giving the name of Edgar Foshee, of Painesville, allegedly struck Proprietor Lepore of the Mahoning cafe in the mouth when Lepore refused to serve him yesterday afternoon. He was arrested later in Liberty street. Foshee placed a \$10 forfeit for police court appearance today, but failed to appear.

fusal to answer questions. They were subsequently convicted and sentenced to jail. No one has ever been cited, however, for failure to testify on the ground of possible self-incrimination.

McDowell termed Nelson a "real brass hat" among Communist leaders. He said that Nelson, also known as Steve Mesarosh, was the

right-hand labor adviser of Earl Browder when the latter headed the Communist party.

McDowell said that when Browder was deposed by William Z. Foster, Nelson was demoted and sent to Western Pennsylvania to serve as an organizer.

The Congressman said Nelson was educated in Russia, although the witness, a resident of Harmanville, Pa., declined to answer when asked whether he had ever been in the Soviet Union. On this question also, stated McDowell, the witness cited possible self-incrimination as his reason.

If You Do Not Know the Answer

There always is the question of "which funeral director shall we call?" If you do not know the answer, ask your friends who have employed the services of this organization.

The last few years have brought many changes in the ownership and personnel of New Castle funeral homes. Some information about the service available today may prove a much better guide in your selection.

Those who wish more direct facts are welcome to call for a frank discussion of our facilities and ability to furnish the type of service they desire.

SOCIETY & Clubs

BESSEMER WOMAN'S CLUB OPENS YEAR

Members of the Bessemer Girl Scout Troop, sponsored by the civic department of the Bessemer Woman's club were special guests at the opening fall meeting of the club Tuesday evening at 8 o'clock in the Bessemer church.

Highlighting the program for the evening, in charge of Mrs. Wayne Davis, two travel films were shown by C. H. Aubel, of the Pennsylvania Power Company. One was "This Amazing America" and the other, "The Shortest Way Home."

Several groups of selections were sung by the Vocalists quartet composed of Walter Lulkaert, Charles Shaw, Jack McMillan and Harry Spence, accompanied at the piano by Mrs. W. H. Lulkaert.

During business, with Mrs. Joseph Martin presiding, the budget for the year was presented by Mrs. Ralph Throop and accepted by the club.

Names of 17 new members were submitted. Committees presented outlines of plans for the year ahead. The civic department, it was announced, will purchase films for the three schools, Bessemer, North Beaver township, and Mahoning township, a project carried over from last year. The department also plans to have built a protecting wall around the public drinking fountain, and to give a donation to the Mt. Jackson Girl Scout troop.

After business a lunch was served in the church dining room. Next meeting will be Tuesday, October 12, when Mrs. William McClelland will be chairman of the social committee.

LOCAL RESIDENTS MARRIED 58 YEARS

Mr. and Mrs. Charles S. McCandless, of 444 Croton avenue, on Thursday, September 16, will celebrate their fifty-eighth wedding anniversary. They will spend the day quietly at home, no special celebration being planned.

Both McCandless, who is 86 years of age, and Mrs. McCandless who is 80, are well known residents of this city, he having been a life-long resident and engaged for about 20 years in the meat business here. It was in 1890 that his father first started in business in New Castle.

Both Mr. McCandless and his wife are in good health.

The couple was married September 16, 1890 by the late Dr. C. H. Dunlap, minister of the First Presbyterian church. The ceremony was performed in the two room apartment on East Washington street, where the couple later went to housekeeping.

For the past 17 years the couple have lived in their present home. Before that they resided for forty years in a house near the Paper Mill bridge on Neshannock avenue extension.

They have one daughter, Mrs. Jane Porter, one granddaughter, Mrs. Kenneth Enoch and one great grandson, Charles A. Brunton, III.

E. L. V. Postpones

Due to a death among the membership the E. L. V. club has cancelled its meeting Thursday afternoon and instead will meet next on September 23.

PANERELLO-STROIA CHURCH WEDDING

Ferns and palms banked the altar of Epworth Methodist church for the morning wedding of Miss Theresa Panerello, daughter of Mrs. Paul Panerello, 1405 Croton avenue, and Nicholas Stroia, son of Mr. and Mrs. Nicholas Stroia, R. D. 3. Reading the double ring service, Rev. Owen Shields officiated at the ceremony, performed at 9 o'clock on September 11, before a large assemblage of relatives and friends.

The bride, given in marriage by her brother, Clarence Panerello, was attired in a white satin gown, fashioned with a long train. Her finger tip veil was attached to a beaded crown. She wore a single strand of pearls, and an orchid centered her arm bouquet of white roses.

Miss Alice Pascarella, maid of honor, wore a floor length gown of aqua satin. Her bouquet was of pink rose buds. The Misses Rita Altier, Nellie Rand, Adele Charles and Nellie Stroia, bridesmaids, were gowned alike in dresses of orchid satin and carried bouquets of yellow rose buds. All of the attendants wore wreaths of the same flowers in their hair.

Fred Budowski served the groom as best man, while Paul Panerello, Carl Hopper, Leo Peccardo and Adolph Przybylski acted as ushers. Miss Peggy Ezio sang "I Love You Truly," "Because" and "The Lord's Prayer." She was accompanied by Mrs. Anna Pyle, organist, who offered nuptial music.

Following a congratulatory period in the vestibule of the church, a wedding breakfast was served to 50 guests in a suburban dining room. There was a reception in the evening at a local hall.

Upon returning from a wedding trip to Cleveland, O., the young couple will be at home to friends at 1405 Croton avenue.

Mrs. Stroia, a graduate of New Castle high school, and Mr. Stroia, an alumnus of Shenango high school, are both employed at the Shenango Pottery company.

QUOTA MEMBERS DINNER GUESTS

Quota club was entertained at a chicken dinner at 6:30 o'clock Tuesday evening in the home of Mrs. J. C. Williams, Orchard way, Walmo.

During a short business meeting after dinner, Dr. Mary Baker reported that \$475 has been expended by the club on the purchase of hearing aids for needy children.

A report on the meeting in the William Penn Hotel on Sunday for presidents and secretaries of clubs of the Third district, called by District Governor Miss Ethel Shaw, was given by Mrs. Gladys Baker. The special meeting was to outline business to be taken up at the third district conference in Altoona October 30-31.

An special feature the group viewed colored slides taken within the Arctic Circle by Wendell Oswalt, student of archaeology at the University of Alaska, while on an expedition to the Arctic Circle. Mr. Oswalt is the son of Mrs. Sara Oswalt, of Middletown, O., a sister of the hostess who was a guest at the meeting.

Another out-of-town guest was Mrs. William Buchanan, of Florida, and Miss Ariene Waide and Miss Mary Bigley were special guests.

Next meeting will be at The Castleton September 23.

NEWLYWEDS RETURN, TAKE UP RESIDENCE

Mr. and Mrs. Thaddeus F. Kurdupski, nee Dorothy Jane Weaver, have returned from a wedding trip to Detroit, Mich., and have taken up residence at the home of the groom's parents, Mr. and Mrs. Joseph Kurdupski, 31 West Miller avenue.

The young couple were united in marriage at a church wedding September 6, at 10 o'clock a. m. in St. Joseph's church. Rev. Fr. Cornelius H. Becker officiated at the ceremony.

The bride, daughter of Mr. and Mrs. Michael Weaver, of 1316 1/2 Pennsylvania avenue, was lovely in a gown of white satin, fashioned with a sweetheart neckline, long sleeves, full skirt and long train. Her finger tip veil fell from a crown of seeded pearls and she carried a bouquet of Easter lilies centered with an orchid. Her only jewelry was a double strand of pearls, gift of the groom.

Miss Anna Jean Reizer, as maid of honor, wore a blue taffeta gown with a blue hat, pink mitts and carried pink roses.

Miss Jane Czackowski, as bridesmaid, wore dusty rose taffeta with yellow hat, mitts and yellow roses. Sherman Miles served the groom as best man and Ted Zigelow was usher.

A breakfast was served at 12 o'clock and a wedding dinner at 6. There was a reception for 250 guests in Falcon Hall in the evening.

Mrs. Kurdupski is a graduate of New Castle high school and is employed as a stenographer at the E. F. Connelly Agency.

Mr. Kurdupski is a graduate of New Castle high school and is employed as a Junior engineer at the Valley Mfg. Co., while attending Youngstown College.

COME FROM SWANSEA FOR EXTENDED VISIT

Mrs. Edwin Byron and Miss Beryl Byron recently arrived in this country from Swansea, Wales, for an extended visit with Mrs. L. J. Lewis of 217 Glenmore boulevard, who is a daughter of Mrs. Byron.

They were also accompanied by Mr. and Mrs. W. Kenneth Reed, another sister and brother-in-law of Mrs. Lewis. Mr. and Mrs. Reed are here under the international exchange plan of teachers, and for the 1948-49 school period will teach at the Wilkinsburg high school. Mr. Reed is an assistant headmaster at the Ninian Park school in Cardiff, Wales, and Mrs. Reed taught home economics at the St. David's school in the same city. Two teachers from the Wilkinsburg school are taking the places of Mr. and Mrs. Reed in Cardiff. Both Mr. and Mrs. Reed have traveled widely in Europe and were greatly impressed by the scenic beauty of Pennsylvania and its vast resources. They were received along with 140 other teachers from Britain at the White House and were entertained by Mrs. George Marshall in Washington, D. C.

During the school week they are maintaining residence near Wilkinsburg, and will spend the week ends in New Castle with the Lewis family.

MARTINO-SCROCCO CHURCH WEDDING

Miss Edith Martino, daughter of Mr. and Mrs. Antonio Martino, 212 South Cedar street, became the bride of Sylvester Scrocco, son of Mr. and Mrs. Frank Scrocco, 153 South Truesdale avenue, Youngstown, on September 4, at St. Lucy's church.

Rev. Sebastian Ippolito officiated, using the double ring service, with Rev. Fr. Walter saying the mass. The bride was given in marriage by her father, Mrs. Mary Martin played a group of nuptial selections on the organ.

The bride wore a wedding gown of ivory satin fashioned off-the-shoulder, the neck insert trimmed in pearls. Her finger tip veil fell from a crown of orange blossoms and she carried a bouquet of lilies centered with an orchid.

Maid of honor was her sister, Miss Margaret Martino, and bridesmaids were the groom's sister, Miss Lucy Scrocco, the bride's sister, Miss Ann Martino, and the Misses Angelo DoVido, Lenora Colella and Barbara Ann Martino.

Best man was Henry DeReinzo, Youngstown, and ushers were Bill Carolyne, Tony Scrocco, Sylvester Maciariello, of Cincinnati, and Louis Martino.

A wedding breakfast was served at the home of the bride's parents and dinner at a local restaurant. There was a reception in the evening at Christopher Columbus hall.

The couple left for a honeymoon trip to New York City, and upon their return will reside at 153 Truesdale avenue, Youngstown. The bride was formerly receptionist for Dr. F. E. Eakin and the groom, a veteran of World War II, is a student at Youngstown college.

THE STRIKE SCENE

During its first seven months the year 1948 set a post-war record for industrial peace. There were fewer strikes, and fewer workers involved in strikes, than in either of the two preceding years. Man-days lost from January through July totaled 24,000,000. The comparable figure for 1947 was 26,900,000. For 1946 it was 92,900,000.

The picture may change before the end of the year. Recent weeks have brought something approaching a minor epidemic of strikes. In any case they serve to remind the public that the nation's sad experience of 1946 could be repeated. On the West Coast, Harry Bridges, who was saved from deportation as a Communist several years ago by the Supreme Court, has been up to his usual diodes.

New York City was afflicted by creeping paralysis as a result of a truckers' strike. One local, which similarly prolonged a truckers' strike in 1946, touched it off when its members refused to accept a contract recommended by its leaders.

Whether there is a connection between the apparent Communist influence behind these strikes and Russian foreign policy it is difficult to say. But the American people are watching these developments. Commies, whether on the federal payroll or engaged in union plots, are no longer popular in this country.

T-BARS AND DAYDREAMERS

You might be able to fool your psychiatrist and pull the wool over your friends' eyes, but your handwriting is a dead giveaway, grapho-analysts report.

First off, grapho-analysis is as different from the old pseudo science of character reading by handwriting as modern medicine is from the dark ages before Pasteur, analysts assert.

Take the "T" bar, in which grapho-analysts place a lot of stock. If you cross your "T" high—sometimes even over the "T" you're a daydreamer. But other writing characteristics may reveal that you have the ability to make your dreams come true.

Long "T" bars, for example, show enthusiasm and sustained willpower. A low-placed bar on a "T" shows you don't realize your own abilities. In between, you're the practical type.

Do you leave openings at the top of your "As" and "Os"? Then you're a person of free and easy expression. This means you might be the local gossip, or you might be a person of fine accomplishments.

Close "As" and "Os" reveal a reticent personality. A long, wide downstroke on your "Gs", "Zs" and "Ys" indicates determination. A less favorable trait—temper—may be shown when the crossing misses the "T" and lands to the right. Formation of capital letters reveals whether the writer is of artistic or businesslike nature, and whether he is jealous or resentful.

Well, that seems to just about cover it. Except for the scrawl of the guy who cannot sign his name so one person in a hundred can read it. How are you going to analyze it?

HISTORY REPEATS

In April, 1775, the British commander, General Gage, sent a force of 800 men with orders to destroy the American military stores at Concord and to arrest the rebels, Samuel Adams and John Hancock, at Lexington.

To circumvent the British, a Boston engraver, Paul Revere, made his famous ride. Mounting a swift horse, Revere rode ahead of the enemy to Lexington, "through every middlesex village and farm", to warn the people the British were coming. The countryside was aroused and the British defeated.

This is a brief chapter from the early history of the Republic, a story known to young and old. Now, 173 years later, the Republic again is in danger, and there is need of a modern Paul Revere to sound the warning.

There have been numerous volunteers for the job, but none has succeeded in arousing the populace when he sounded the alarm against Communism. Instead a skeptical public—encouraged by many in high places—has discredited the efforts of these patriots.

Admittedly, the task has been more complicated than in Paul Revere's time. For years it has been apparent that more would be required than a lantern displayed in a church tower to arouse the public against invasion of their rights and attacks on liberty and freedom.

But the peril is definite and immediate. The consequences of Washington's course in playing with Communist fire are upon us.

Most of the Americans who spend \$20,000,000 a year on dancing lessons want to learn the rumba. Nothing is more intriguing than a fat man doing a rumba with a three-chain partner.

President Truman will end his campaign with a speech in his home town. Of course, he expects to go back to Washington to pick up his shirts and things.

The claim that the meek will inherit the earth has been amended. Science says only amemics will survive atomic rays.

In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

A vivid explanation of what compelled Great Britain to drop the burden of India by granting dominion status to the partitioned country was presented in the princely state of Hyderabad.

There, troops of the Dominion of India are battling with the personal army of the Nizam, reputed to be the wealthiest man as well as one of the most powerful rulers in the world.

They also are opposed to Moslem volunteers known as the Razakars—and according to New Delhi—by lawless bands of organized Communists seeking to capitalize on violence and unrest.

Long Anticipated
This miniature war long has been anticipated and the differences between Hyderabad and the Dominion of India seem almost insurmountable.

In their long era of occupancy in the vast sub-continent the British tried to compose all differences and apparently found that the best procedure was to let native rulers and leaders work things out in the best possible manner.

Here are the principal factors underlying the present strife:
1. The population of Hyderabad is predominantly Hindu which would seem to call for its inclusion in the Hindu dominion of India.

2. The Nizam himself is an extremely devout Moslem and so are most of the ruling classes and government cliques.

3. Hyderabad has absolutely no outlet to the sea. It is a landlocked state, surrounded entirely by Indian territory.

4. The new Dominion of India claims that its own safety is endangered by the presence on its borders of marauding bands whose depredations have not been kept in check by the Nizam's army.

Trouble At Partition Time
There was trouble between Hyderabad and India at the time of the partition in August, 1947. Both sides agreed to a "stand still" short of hostilities for a period of one year in the hope and belief that a compromise could be reached.

But Hyderabad statesmen who went to New Delhi to negotiate were turned out of office and the Nizam took a new tack, proposing that the entire matter be handed over to the permanent court of international justice at The Hague.

To this the dominion government has refused to accede on grounds that Hyderabad actually

has not acceptable international status and that the matter of its external relationships should be handled by the dominion itself.

Indian leaders indicate by their communications that resistance is being overcome swiftly and that they soon will occupy the great barracks at Secunderabad which will give them control.

Highly Optimistic Forecast
But this seems to be a highly optimistic forecast.

The Nizam has every reason to want to keep Hyderabad in his own hands. He is convinced that if the case should be presented to The Hague Court, he could prove that his state is far ahead of many

Looking At Life

By Erich Brandeis

I am all for doctors. Doctors are doing a lot of good. They cure some illnesses. Many of them have wives and children whom they support.

Doctor's bills are also a swell deduction from your income tax on March 15.

But doctors still have a lot to learn. The reason I am telling you this is not a personal one. I want you to keep on going to your doctor when you are sick. But I don't want you to take your doctor too, too seriously.

As you know—and maybe you know it too well—I have had some trouble with my heart recently. So I have become doctor-conscious.

And thus I have become a horrible but useful example to my readers. I have three doctors.

One is my regular doctor in New York, who has been our family doctor for almost twenty-five years. I check with him by telephone on whatever my Connecticut doctor tells me. I send him copies of my cardiograms, have the Connecticut doctor send him reports, and so forth and so on.

So far the New York doctor has confirmed everything the Connecticut doctor has found wrong with me.

In addition to these two, I have a third doctor in Norfolk, which is our nearest metropolis of about 25,000 people.

This doctor is a heart specialist, and very impressive because he has his own x-ray equipment, a fluoroscope, a diathermy machine, a laboratory and a very pretty nurse.

He has x-rayed me, fluoroscoped me, stethoscoped me, and the very pretty nurse has made a blood-sedimentation test of me. (If you want to know what that means, don't ask me. I don't know. But I do know that it cost an extra ten dollars.)

So all three doctors agree on the diagnosis. But—

One doctor said I should cut out salt and use a salt substitute instead. The second one said that was nonsense; I can use all the salt I want. The third says it makes no difference.

One doctor told me to take vitamin pills. The second advised me not to do that because they'd give me an appetite and I must keep my weight down. The third says it makes no difference.

I have been taking cold shots for several years, as prescribed by the aforementioned New York doctor. My Connecticut doctor does not believe in cold shots. He says it's a racket, but he'll give them to me if I believe in them.

The heart specialist says it's a matter of psychosomatics—meaning mind over body. He insists that it isn't so much the cold shots that help me (and they certainly have helped me), as my belief that they will help me.

Yes, I have the greatest respect for doctors. They are fine and useful men. And they bear out my oft-repeated assertion that we human beings still have such an awful lot to learn about almost everything.

Washington Comment

(Special To Central Press)

WASHINGTON, Sept. 15.—Gov. Thomas Dewey and his key strategists have agreed upon their No. 1 campaign argument. It's an answer to President Truman's "worst in history" charges against the GOP-controlled 80th Congress.

In secret conference at Albany, Dewey and his aides have decided to hurl a counter-charge at Mr. Truman. They will assert that the president's own tactlessness is responsible for his failure to get along with Congress.

The Dewey forces will add that the New York governor's record shows he has worked well with Empire State legislators for constructive measures. A high Dewey aide declared:

"We intend to show that co-operation between the executive and legislative branches can be achieved only through a Republican administration, with a Republican Congress. That will be our answer to the Democrats. It stands on its own merits."

Incidentally, the Republicans now consider only two big states in doubt—aside from the more or less solid south.

Weapons "Bank"—The armed forces are making sure that they have sufficient weapons and other equipment available for immediate use in the event of a "shooting emergency."

A recent announcement by Navy Secretary John Sullivan disclosed that the practice of turning excess military equipment into scrap has been halted.

Sullivan cancelled an ordinance bureau directive authorizing disposal of obsolete and surplus guns, gun mounts and ammunition. The Navy secretary declared:

"No further scrapping, mutilation or disposal action shall be accomplished except as indicated."

The Army Ordnance Department also is keeping a close watch on weapons it has stored away for possible future use. Experts are examining "canned" guns and other armament to determine whether storage in metal containers has effectively preserved the weapons.

Spot checks, according to army Ordnance, show that almost without exception the big guns are in excellent condition and ready for immediate use.

Alaskan Defense—Treasury Secretary John W. Snyder's recent trip inspecting the defense of Alaska is believed to presage an expansion of the Coast Guard in that area.

While in Alaska, Snyder conferred with Gov. Ernest Gruening on re-establishment of the 17th Coast Guard District at Kodiak.

All defense officials are exerting pressure to drum up interest in Alaskan defense, pointing to the "polar concept" of aerial warfare by military strategists.

These top military men are afraid it would be easy for an enemy long-range bomb group to hit via the Arctic at the "soft

underbelly of the United States—its heavy industrial zones of Illinois, Michigan, Pennsylvania, Ohio and New York.

How To Steal Atomic Secrets—House spy probes may show this month how a man with a hearing aid and another with a recording device trapped an atomic scientist as he allegedly gave information to Russian agents.

The scene was a restaurant on San Francisco's famed Fisherman's Wharf. An FBI agent had been trailing the scientist because he found his actions suspicious.

The agent, entering the restaurant, found his attention caught by a man seated at a balcony table. The man, with a hearing aid, was apparently eavesdropping the conversation at a nearby table.

The FBI man discovered "hearing aid" was an Army intelligence officer. The agent armed himself with a recording device and between the pair they discovered the scientist was giving two Russians information on the super-secret atomic pile.

The scientist was quietly discharged from his post. He is now said to be teaching in a mid-west university.

NEW YORK—Helmut Meyer-Dietrich, chief editor of Der Tagesspiegel, a Berlin daily newspaper, said: "I do not think there will be war over Berlin. The Russians know they could not win. They are trying to get everything short of war."

WASHINGTON—Lt. Gen. Robert L. Eichelberger said: "Before you can pull American troops out of Japan you've got to give those people something with which to defend themselves. The Communists object to the occupation. The Japanese people don't want us to leave."

(By Marquis Childs)

White Paper On Berlin Coming

WASHINGTON, Sept. 15.—The final step in the long, painful war of nerves with the Soviet Union over the ruined city of Berlin is now being prepared. In a sense it is a burial stone that is being engraved to mark the end of a tragic era of doubt and uncertainty.

State department experts who have been close to the negotiations are putting together a carefully documented record of what has happened from the very beginning. This will be published in the form of a white book.

Will Prove Situation
The negotiators in the department believe it will prove beyond a doubt that this country has gone to the farthest limits of patience and consideration to end the dispute peacefully. They are convinced it will show any fair-minded person that deliberate Russian obstruction made a peaceful resolution impossible.

This step is being taken with a solemn understanding of what it can mean for the future. That future is darker now than at any time since the end of World War II.

Short of the ultimate calamity, which is the beginning of World War III, events in coming weeks are expected to take more or less the following course. With the end of negotiations, the U. S., Great Britain and France will refer the Berlin dispute to the General Assembly of the United Nations.

U.N. Battleground
The U.N. will then become the battleground as it has so often in the past. Officials here who have followed the whole struggle at close range are convinced that the case of the western powers is so strong that it cannot help but win support of all except Russia and its satellites.

Thus we shall see perhaps 48 nations lined up against five or six, and that, too, has happened before. The difference this time is that the issue is more crucial than any ever brought before the organization that has struggled feebly to impose order and law on a divided world.

It is for this reason that the split may finally put an end to the U.N. Conceivably, with every nation ranged on the other side, the Soviet Union could pull out, dragging along the states under her domination. Then the two worlds, which have been held in a frail and uncertain relationship by the U.N., would be in open opposition.

Shows Hopeful View
That, mind you, is the hopeful view. It is based on the assumption that the Soviet Union does not want this time want war. And that is a perilous assumption.

There is, of course, one man who could reverse at least temporarily the present drift toward the brink of the precipice. That is Josef Stalin. One more meeting with Stalin was all that stood in the way of the final break. The results of that meeting may be known before this is in print.

Those who have had the closest dealings with the Russian over the longest period of time are today most pessimistic. And one reason for their pessimism is what happened in the aftermath of the previous meeting with Stalin.

Hope Did Not Last
Stalin at that earlier meeting gave the signal for four-power talks in Berlin to settle the basic quarrel over the blockade and the

My first book, indeed, centered on the idea that teachers are wish-makers. "We shall assume, of course, that the learner does the learning; that in the long run he learns only what he wants to learn and when he wants to learn. The obvious function of the teacher, therefore, is to create in pupils a learning attitude. We, therefore, shall be interested primarily in finding ways in which we can get children to want constantly to do and to learn what would be good for them to do and to learn." So I wrote in 1925, in "The Learner and His Attitude."

Stern Realities
If I were writing this same book today, I would not change those statements but would add a few, acknowledging some stern realities concerning school discipline facing practically every teacher. Also, if I were back at teacher-training, I would frankly bring out into the open some practical problems of discipline.

Even a few children in a classroom at the second, fifth or tenth grades can easily hamper or seriously impair the inspiring and wish-making efforts of the most skillful teacher. And if this teacher spends enough time and effort to win the wholehearted cooperation of these few children through lovely persuasive measures, she might have used up much of her time and energy for wish-making efforts on behalf of the rest of the class.

I would frankly advise young women preparing to teach to set some standards of order in the classroom and enforce them as necessary for creating a setting for effective inspiration of the pupils and students to want to learn and cooperate with his fellows. There would be a few rules and regulations, strictly adhered to, which to the learners would appear reasonable, and all the better if the children evolve these rules and regulations.

Quiet Periods
There would be some quiet periods when each child could work individually without interference (Continued on Page Nine)

One Man's Opinion

By Walter Kiernan

There is something stabilizing in the news that Miss America of 1948 knows how to pluck a chicken.

No power can stop our onward march while we can produce lovely girls as much at home in the hen house as the Stork club.

It came just at a time when Henry Wallace had us convinced that Mr. Truman was responsible for all our fears. We had been guessing that Stalin was.

Now we're back to Stalin and chicken plucking. But Henry is making a very good campaign although Dewey hasn't thanked him publicly.

Meanwhile we're analyzing the returns from Maine. The number of write-ins for Landon was smaller than usual.

Stassen Arrives
In Philadelphia

To Assume Duties

PHILADELPHIA, Sept. 15.—(INS)—Former Minnesota Gov. Harold E. Stassen has arrived in Philadelphia to assume the presidency of the University of Pennsylvania.

Refreshed after a two-week vacation on Lake Superior, Stassen will be installed as the university's president at formal ceremonies on Friday.

Situation Crucial

Stassen termed the Berlin situation "crucial" because "it is not only a matter of what trouble could come out of Berlin itself, but also what could happen in Western Europe as a result of decisions made there."

The unsuccessful candidate for the Republican presidential nomination will make several campaign speeches on behalf of Gov. Thomas E. Dewey during the next month, he said.

SLIPPERY ROCK MAN
SEEKS TO RETURN TO
PHILIPPINE ISLANDS

SLIPPERY ROCK, Sept. 15.—Not content with life here in the United States after spending 38 harrowing months in Jap prison camps in the Philippines, H. P. Cooper, resident of Slippery Rock, is seeking to return to the scenes of his bitter experiences of World War II.

A civilian navy worker when Pearl Harbor came, the gray haired man was taken to Santo Thomas prison camp where he suffered imprisonment for over three years before being released. The Butler county man first set foot on the eastern Pacific islands in 1942. He was captured by the Japs in 1942. After two requests for his return to the islands has been turned down by the State Department, Cooper is now working through Filipino connections in his effort to get back to the islands.

World Federalists Will Resume Their Meetings Thursday

First Meeting Of Fall Season Will Take Place In Y.W.C.A. Thursday

World Federalists of New Castle will throw open to the public, their first meeting of the fall season on Thursday evening, when they meet in the Green Room of the Y. W. C. A.

James Cavill will preside, and interesting reports will be given by the delegates who attended the Student Federalist conference at Chapel Hill, N. C., in August.

Don Levine, who was a leader at this conference, will be the main speaker. His subject will be "Practical Peace for An Atomic Age." All persons who are interested in solving world problems settled by arbitration, rather than by warfare, are invited to attend this meeting.

The idea that world problems can be achieved only through world government is gaining more support daily among intelligent people everywhere, leaders of the movement here point out.

They cite Switzerland, a community with a reputation for conservatism as an example. A poll of 1300 persons was taken last Friday evening at the community's annual harvest festival, with Mrs. Victor Owen, former New Castle woman residing at the polling booth. Of those polled, 87 per cent voted that world peace can only be maintained under a world federal government.

Rev. F. B. McAllister Returns Thursday

Former Baptist Minister Coming Here From Cincinnati For Program Thursday

One of New Castle's former ministers who is remembered for his outstanding ability will return to New Castle Thursday night, September 16.

Rev. Frederick B. McAllister, former pastor of the First Baptist church here, will be the principal speaker at the city-wide Bible class rally to be held in First Presbyterian church.

Now in Cincinnati, Rev. McAllister is presently located in Cincinnati, O., where he is pastor of the Ninth Street Baptist Tabernacle. It has been some years since he left New Castle but his dynamic platform manner and his forthright sermons are remembered by many.

The Bible class rally is sponsored by the Men's Christian Fellowship of Lawrence county. The rally is for every Bible class in the city whether it is male, female or mixed.

Louis B. Round, president of the Fellowship, and Samuel A. Mooney, vice president, expect the First Presbyterian church to be filled to capacity for the rally. It is the first rally of its kind in the fall season and comes just three days before the Sabbath School Rally Day of next Sunday.

Murphy Co. Wins Industry Oscar

NEW YORK, Sept. 15.—In the final ratings of an independent board of judges for the Financial World Annual Report Survey, G. C. Murphy company was judged as having the best 1947 annual report of the variety merchandising industry. The bronze "Oscar of Industry" trophy will be presented to P. L. Sample, president of G. C. Murphy company, at the annual awards banquet in the grand ballroom of the Hotel Pennsylvania in New York on October 21, 1948.

More than 4,000 corporation annual reports were submitted in this national survey, the eighth in the series, and these were judged in 100 industrial classifications for "best of industry" awards. In the "variety merchandising industry" category, Butler Bros. (Chicago) was runner-up for top honors, while McCrory Stores corporation (New York City) took third place.

Fear For Safety Of German City Officials in Berlin

By OMER ANDERSON (U. S. Staff Correspondent)

BERLIN, Sept. 15.—Fears were voiced today for the safety of German city officials in Berlin following strong attack on them by the Soviet-sponsored Communist press.

One ranking member of the German police force in the western sector said he is particularly concerned about Acting Mayor Ferdinand Friedensburg as well as Otto Suhr, chairman of the city assembly, and Ernst Reuter.

Reuter was elected mayor but the Russians refused to recognize him.

The western sector police official went so far as to say he felt the three men who continue to work in the city hall in the Soviet sector may be in danger of kidnapping and assassination.

Concern for the well-being of these men arose as strong forces of western Berlin police patrolled the border of the Soviet sector, guarding against a threatened renewal of kidnappings by Russian-dominated German police.

One official said that western sector police under command of Johannes Stumm are powerless to provide Friedensburg and his associates with open protection. He revealed, however, that an unofficial bodyguard has been organized.

HEADS POULTRYMEN
HARRISBURG, Sept. 15.—(INS)—John V. B. Rice, Trumansburg, N. Y. farmer, today assumed the presidency of the Northeastern Poultry Producers Council. He succeeds Leslie S. Hubbard of Lancaster.

Employment Rights Protected For Men Entering Service

If you are a member of the Organized Reserve Corps or the National Guard, or just a young man without previous service contemplating enlisting, you can stop worrying about what will happen to that civilian job of yours. Headquarters of the Second Army has been advised by the secretary of national defense that reemployment rights of officers and enlisted men of the civilian components volunteering for three years of active duty, and of persons currently enlisting for the first time and for not more than three years, are as fully protected under Section 9 of the Selective Service Act of 1948 as are those of inductees under the draft. Both James Forrestal, secretary of defense, and Maurice J. Tobin, secretary of labor, were quoted as authority for this assurance.

Sub-section (g) (1) of Section 9 of the Draft Act, dealing with enlistees, states:

"Any person who, subsequent to the date of the enactment of this title and while it is in effect, enlists in the armed forces of the United States (other than in a reserve component) or the Coast Guard (other than a reserve component) for not more than three years shall, if such enlistment in the armed forces or the Coast Guard subsequent to the date of this title, be entitled, upon the expiration of his enlistment (including any extension thereof by law but not including any voluntary extension thereof) or upon his discharge under honorable conditions prior to the expiration thereof, to all the reemployment rights and other benefits provided for by this section in the case of inductees."

Sub-section (g) (2) of Section 9 dealing with members of the reserve components provides:

"Any person who, subsequent to the effective date of this title and while it is in effect, enters upon active duty in the armed forces of the United States, the Coast Guard, or the public health service in response to an order or call to active duty shall, upon his relief from active duty under honorable conditions, be entitled to all of the reemployment rights and benefits provided by this section in the case of inductees, if he is relieved from active duty not later than three years after the date of entering upon active duty or as soon after the expiration of such three years as he is able to obtain orders relieving him from active duty."

PLUNGES 90 FEET

WHEELING, W. Va., Sept. 15.—(INS)—A 40-year-old waitress was being treated today for injuries received when she plunged 90 feet into the Ohio river from the Terminal Railroad bridge in Wheeling.

The woman, Mrs. Edith Liphart, was pulled from the water by police and taken to a hospital. Police said that her husband leaped to his death from the same bridge on Dec. 2, 1944.

The drainage system of the Americas is the greatest on earth. The Amazon river discharges more water into the ocean than the eight largest rivers of Asia together. The Mississippi river discharges more water than all the rivers of Europe.

Energy given off by the sun is estimated to be the equivalent of 5,000,000,000 atomic bombs per second.

Exporter Asked For Explanation

WASHINGTON, Sept. 15.—(INS)

A Senate committee summoned
a New York exporter today to ex-
plain his alleged shipment abroad
of one million 700 thousand
pounds of scarce iron soil pipe
camouflaged as concrete.

The exporter, Robert Mistrong,
was called by the Ferguson Sen-
ate investigating committee which
is investigating alleged loopholes
in the office of international
trade's export control program.

Other witnesses have testified
that Mistrong evaded control re-

strictions by mislabeling as con-
crete the iron soil pipe which was
critically needed for veterans

housing in 1947. No license is
necessary for exporting concrete
materials.

or distraction. There would be lots of smaller group activities with ample freedom but with some regard for the freedom of other groups and individuals to do their best work.

For the few chronic annoyers I would provide psychological and physical isolation, such as not permitting the offender to participate in the regular work for a definite period. I would not always wait until every means of reaching him through personal study of him had been exhausted. I would protect the group at once and follow up with more study of him later. Too many teachers rob a whole roomful of children of the inspiration and guidance they deserve from her by devoting excessive time and energy to winning persuasively one or two chronic annoyers. Moreover, I would urge school principals to stand back of the teacher in enforcing some regulations desirable for good learning by the rank and file of her class.

other areas of the sub-continent in health, literacy and social services. His big cities are modern and a unique system of artificial lakes has irrigated whatever sections of the Deccan plateau are not sufficiently favored by nature.

A key to his determination to hold out lies in the mere fact that his domain includes the almost legendary land known as Golconda. Its tremendous wealth in gold and precious stones contributed much to India's ancient glories and the Nizam claims that his own tremendous fortune in priceless stones merely is a trust to whose ownership heredity entitles him.

There is a distinct difference between the Hyderabad situation and the hill fighting that occurred some months ago in Kashmir.

The United Nations has that problem well in hand. Whether the international organization can do anything to settle the present hostilities is something else again. Present indications are that India is condemned to another long period of strife.

Health Talks

"TOPSY JUST GROWN"
A good many people in the world just grow. They eat whatever they can get.

In some lands people live a long life without ever getting enough to eat. They are hungry all the time.

In our country there has always been an abundance of food. Sometimes it is not used very wisely. Farmers talk about proteins in cattle feed. Poultry men figure on protein in chicken feed.

Mom keeps her family satisfied without knowing very much about protein.

Food should provide protein, starch, fat, vitamins and minerals in proper amounts. All of these things are important especially protein.

It might help some if Mom would learn more about protein. If John knows how much protein he should feed to his prize steer, Mom ought to know how much protein John needs too.

JOBS UPON A TIME

NEARLY 30 YEARS ago, Edgar Bergen paid \$35 for a dummy whittled out of a piece of wood by a Chicago barkkeeper, and Charlie McCarthy, as the dummy was named, has been "supporting" Bergen ever since. Bergen found he could throw his voice when he was 11. Rudy Vallee put Bergen and Charlie on the air in the 30's. Since then they have become national figures—Charlie more real to most people than even Bergen.

MAUDE ADAMS, who charmed two generations of theatergoers in "Peter Pan" and other James Barrie plays, as well as in other roles, was born in Salt Lake City, Utah, daughter of a businessman and an actress. At the age of five she spoke her first part in a San Francisco theater. School followed, then a New York debut in Barrie's "Little Minister." Miss Adams retired in 1918, after a nervous breakdown. Since that time she went on a 28-week tour with Otis Skinner in "Merchant of Venice," another later in "Twelfth Night."

Railroad Police Head Tells Lions What Coppers Do

Capt. C. R. Daywalt Of B. and O. Police Force Proves Interesting Speaker

Capt. C. R. Daywalt, head of the police department in the Akron district, gave an interesting talk before the New Castle Lions club at their noon luncheon meet Tuesday, when he told the club members of the precautions which the railroads take through their police departments to protect the public.

Capt. Daywalt started his career as a railroad policeman in New Castle more than 25 years ago and during that time has had a wide variety of experiences, some of the most interesting of which he related.

Most people, he stated, seem to have the impression that all a railroad policeman does is to chase hoboes off trains, but this is only a small part of their duties.

Railroad policemen, he stated, are among the highest paid in the business. There are 15 divisions on the B. and O. railroad with 25 railroad policemen to each division. Most of the men work in uniform but there are quite a number who are plainclothesmen. They receive their authority from the states in which they work.

They protect railroad property, and also the patrons of the railroad from theft and injury. When passengers lose valuables, they attempt to trace them and are successful in most instances.

Juveniles who get into trouble are not arrested but are taken to their homes where they confront the parents with the offense and in the end find that few boys are repeat offenders.

The railroad police cooperate also with city, county and state police and also with the F. B. I., this cooperation helping to solve many crimes.

Numa Vidal, former member of the local club was a visitor.

Powerful New Heavy Cruiser Now In Service

NEW YORK, Sept. 15.—(INS)—The USS Columbus, built too late to see action in World War II, is going to lend her power to the forces trying to prevent another war.

This powerful heavy cruiser—named after the capital city of Ohio—is en route to Gibraltar to become the permanent flag ship of Admiral Richard L. Conolly, commander in chief, U. S. Naval Forces, Eastern Atlantic and Mediterranean.

The ship left Norfolk, Va., yesterday and is due to arrive in Gibraltar on Sept. 23.

The Columbus will be assigned a home port in the United Kingdom but as Admiral Conolly's flagship she probably will visit throughout the area of his command which extends from the Azores to India.

Admiral Conolly, born in Waukegan, Ill., April 28, 1892, is the youngest four-star U. S. Admiral in the naval history.

FREEDOM TRAIN AT PITTSBURGH

PITTSBURGH, Sept. 15.—(INS)—The Freedom train arrived in Pittsburgh early today for a three-day stay.

The Mayor's committee made a special tour of the train with its exhibits of historical documents at 9 a. m. and the train was opened to the public at 10 a. m.

Visitors will be allowed to visit the train from 10 a. m. to 10 p. m. daily through Friday.

Hitchcock Faces New Legal Tangle In Wedding Plans

DAYTONA BEACH, Fla., Sept. 15.—(INS)—New York socialite Francis Hitchcock faced the prospect of another legal tangle today in his efforts to wed his "Cinderella" from the Pennsylvania coal fields.

Hitchcock was legally freed from his second wife yesterday and the rocky path which so far had blocked his way to marry Stephanie Saja, 23-year-old daughter of a poor Windber, Pa., coal miner, appeared clear.

But Circuit Court Judge C. E. Chillingworth hinted in West Palm Beach that the prospective bridegroom might be charged with perjury for obtaining a marriage license before a decree was issued dissolving his marriage with Mrs. Marie Grammer Hitchcock.

Florida law requires that a person be legally free to wed before application for a marriage license is made.

The jurist directed State's Attorney O. Murray Sams to check the possibility of filing perjury charges against the scion of the polo-playing Hitchcock family and to "take such action, if any, as the facts will permit."

Judge Chillingworth declared that Hitchcock's applying for a marriage license "constituted an act of perjury."

ROBERT HANNA AT ST. PAUL SCHOOL

Robert Hanna, Jr., son of Chief of Police and Mrs. Robert Hanna 824 Franklin avenue, is studying at the St. Paul Bible Institute of the Christian and Missionary Alliance for future Christian service.

Bob recently spent a short visit at his home here in the city. He is one of 12 students from the Alliance Gospel Tabernacle, 210 Pearson street, training for home and foreign service.

In 1939 American farmers received an average of 87.1 cents per bushel for their wheat. In 1946 they received an average of \$1.54 per bushel.

Young Men From Brazil Visit Here

Princeton Theological Students Are Guests At Victor Huff Residence

James Wright and Waldy Luz, of Trenton, N. J., have returned, after visiting a few days with Mr. and Mrs. Victor Huff and family, of 604 North Liberty street.

Mr. Luz, who has received his Doctor Divinity Degree at Princeton Theological Seminary, returns to Brazil on October 22, where he will teach in a college in that country. James Wright is the son of missionaries to Brazil, and is in his freshman year at Princeton, and upon receiving his degree, will return to Brazil.

These young men were at the Interdenominational Young Folks Conference at Trenton, recently attended by a group of young men from Mahoningtown Presbyterian church, which included John Huff and Robert Kerr, omitted in a previous report.

Short Circuit Club Has Pajama Party

Members of the Short Circuit club had their annual pajama party at the home of Miss Laura DeAngelis, 13 West Madison avenue, September 11. After a short business meeting the festivities of the party got underway.

Cards dancing and other games were the main diversions. First prize was carried off by Miss Laura DeAngelis for the nicest and most original set of pajamas. A short skit was presented by Miss Justine DiCaprio and Miss Betty Russo. A delicious lunch was served under the direction of Miss Barbara Costa who served as chief cook. The party was then topped off with breakfast the next morning.

Ladies Aid Society Plans Activities

At the Madison Avenue Christian church, the Ladies Aid society met recently. Mrs. Russell McConnell conducted the devotional exercises. Activities of the fall and winter were discussed. Mrs. J. B. Bumbaugh, Mrs. E. M. Jones, and Mrs. Carl Houk were hostesses for the meeting.

Dental Examination At Mahoning School

Mrs. Jane Labuhn, hygienist for city schools, is now engaged in checking on the dental condition of

pupils in grades 1, 3, 5, 7, and 9 of Mahoning school. Mrs. Labuhn, after the examination, sends the Dental Corrective Advice Card to the parents of the pupils, which in turn should be taken with the pupil to his dentist. After giving the teeth attention, the dentist will fill in the card, and sign it, which will then be returned to the office of Mahoning school.

B.O.G.O. Club Plans Grove City Party

At the home of Mr. and Mrs. A. F. Stritzinger, of 800 West Clayton street, members of the B. O. G. O. club gathered over the weekend.

Contract bridge was the diversion of the evening, with the prize falling to Mrs. Edna Calvert. Mrs. Paul Humphrey got the gallop.

A tasty lunch was served by the hostess.

Plans were made for motoring to Grove City, to the home of Mrs. Blanche Hadley, for a southern fried chicken party, on Thursday.

Ward Civic Club Committees Chosen

Members of the Seventh Ward Civic Club had their initial meeting of the fall, on Tuesday at 2:30, at Hyde's Drug store, Manning Weller, presiding.

It was decided to postpone the fun night sessions, until after the football season closes. The Christmas program was discussed, and the following committees appointed—program: Robert M. Barnes, chairman, Rev. J. L. Pettie, Fred McLure, Elmer Tintman; Christmas lighting, Frank Farrone, Joseph Weller, Alderman T. C. Rainey.

The club is planning a banquet in October, with formal opening of fall activities. Committee in charge—Harry Elder, chairman, Rev. Howard A. Redmond, John Razzano.

Next meeting will be at Hyde's store, Tuesday, September 21, at 12:30. Citizens of the ward, professional, and business men are welcome to these meetings.

SEVENTH WARD NOTES

Mrs. E. M. Jones, of Sunny Side, Mt. Jackson road, has returned, after visiting for a week with her

This evening, at 7 o'clock, members of Columbus Auxiliary will assemble in Christopher Columbus hall, with Mrs. Mary Iovanna in charge.

Mrs. Victor Huff and daughter Dorothy, of 604 North Liberty street, have returned, after concluding several days vacation in Struthers, Ohio, visiting former's mother, Mrs. Lizzie Slaven and family.

Mr. and Mrs. Dan Rainey, have returned, after a visit with the former's brother, Fred Rainey and family, of Struthers, Ohio.

A. Barattiero, of Wayne street, is confined to the New Castle hospital, for treatment of a hand injury.

First Lieut. Al Kosciuszko and wife have concluded a visit with their parents, Mr. and Mrs. Stanley Kosciuszko, of Miller street, and Mr. and Mrs. Louis Leno, Mahoning avenue. Lt. Kosciuszko, attached to the air force, has been transferred from Greenville, S. C. to Panama City, Fla.

On Thursday evening, members of the W. A. G. club will be entertained by Mrs. Walter McDonald, of the Harlansburg road, at eight o'clock.

Young son of Mr. and Mrs. Ronald Gilkey of West Madison avenue, has been returned to his home, and is recovering nicely. He received treatment at Jameson Memorial hospital.

W. Robert Park Yeoman I-c, attached to the U. S. S. English, stationed at New Orleans, La., is on leave for 30 days, visiting with his mother, Mrs. S. E. Park, of 522 West Madison avenue, and other relatives here.

Big Bombers To Make Flights On Saturday

Air Force Plans To Show Bombers To Every Person Possible In United States
 By GEORGE MOISE
 (U. S. Staff Correspondent)

WASHINGTON, Sept. 15.—The air force plans to show its big bombers to every possible person in the United States on Air Force Day next Saturday.

Fifty Boeing B-29 Superfortresses will fly in teams of two from overseas bases to 25 American cities, and five giant, six-engine Consolidated-Vultee B-36s will swing in wide, nation-covering flights from their base at Fort Worth, Tex.

Both the B-29 flights and the B-36 round trips are designed to fly over as many communities as possible. Each B-36 trip will cover a different section of the country.

To Fly From Overseas
 The B-29s will fly non-stop from their overseas bases distances ranging between 3,800 and 5,600 miles. They will take off from Anchorage, Alaska; Tercera Island, the Azores; Barber's Point, Hawaii; Kilauea, Iceland; Goose Bay, Labrador; Shemya, Aleutian Islands; St. George, Bermuda; Misawa, Japan and Furutendfeldbruck, Germany.

All arrivals at American cities are scheduled for Saturday noon, local time, with three exceptions. The exception are Pittsburgh, where the arrival is scheduled for 9 a. m.; Mitchell Air Force Base, N. Y., 2 p. m., and Boise, Ida., 3 p. m.

Planes from Eindhoven will fly to Montgomery, Ala.; Birmingham, Ala.; San Antonio, Tex., and Charleston, W. Va. Planes from the Azores will fly to Omaha, Nebr.; Covington, Ky., New Orleans and Niagara Falls.

To Fly To Pittsburgh
 From Iceland the B-29s will fly to Park Ridge, Ill., and Pittsburgh. Goose Bay planes will fly to Dallas, Tex.; Boise, Ida., and San Rafael, Calif. Planes from Bermuda go to Riverside, Calif., and Los Angeles.

From Germany the B-29s will fly to Mitchell Air Force Base, New York; Boston, Washington, planes based in Japan will land at Minneapolis, and those from the Aleutians at Baltimore.

Japanese and Aleutian planes are from the Far Eastern Air Force, and the other comes from the Strategic Air Command's 8th and 15th Air Forces. The planes were specially designated for the flights and their absence will not materially reduce strength of overseas forces.

The B-36 flights from Fort Worth will cover the northeast Atlantic Coast; two flights to the central states; the north central states and west coast, blanketing the country. The planes are from the Seventh Bomb group.

Lions Sponsor Fredonia Club

New Castle Club Will Take Part In Institution Of New Club Tonight

Around 50 members of New Castle Lions club and their ladies will take part in the Charter Night program for the new Fredonia club which was sponsored by the New Castle club which will receive its charter at a program and dinner at Shusters, near Greenville.

Guests will be present from a number of clubs in District 14-F and surrounding territory. International Counsellor Arthur Meek will present the international charter, while District Governor Fred Ande, of Oil City, will present the state charter.

The local club is planning a Field Day at the New Castle Field club on October 8, followed by a dinner program in the evening.

The activities committee is also planning to bring the Clearfield Military band here on October 21 for a concert in the Cathedral to which members of the various school bands in the city and county will be guests.

It is also planned to have a football game here between two outstanding service eleven on November 5 for the benefit of the club's blind fund.

Pvt. H. R. Dierfield Serves In Japan

WITH THE EIGHTH ARMY IN NAGAI, Japan.—Private Howard R. Dierfield, husband of Mrs. Katherine Dierfield and father of Howard, Leroy, Wanetta and Della Dierfield, 21 Boro Line St., New Castle, Pa., is now serving the occupation forces in Headquarters

Troop, 5th Cavalry Regiment, 1st Cavalry Division.

Private Dierfield was one of the hundreds of spectators witnessing the farewell ceremony in honor of Lt. General Robert L. Egan, Dierfield's return to the U. S., which was held in the Camp McGinn Theater on August 4.

INJURED AT GREENVILLE
 Patricia Homer, three and a half year old daughter of Mr. and Mrs. D. R. Homer of 233 Fairmont avenue, this city, was treated in

Greenville hospital early this week for a laceration of the right arm suffered when she caught it on a horseshoe stake.

The agricultural products of Oregon are wheat, corn, rye and flaxseed, together many other products of the farm produced in smaller quantities.

Honey may now be produced in six flavors — chocolate, maple, strawberry, lemon, pineapple and mint. The flavored honeys are secured from bees kept in electrically heated glass hives, and fed a special mix along with pollen and a sugar-water syrup. Each flavor is appropriately colored except for the chocolate and maple flavors, which require no added coloring.

Among school-age children killed or hurt by automobiles, one out of six was coming from behind a parked car, the National Safety council reports.

Tribulations Of Telephone Co. Are Revealed

Owner Of New Wilmington Telephone Company Talks To Rotarians; Town News

(Special To The News)
NEW WILMINGTON, Sept. 15. Trials and tribulations of operating a small town telephone company were explained in humorous style by Mrs. Elizabeth Totten, owner of the New Wilmington and New Bedford Telephone companies at Monday night's meeting of the Rotary club.

Mrs. Totten listed some of the careless acts of customers which cause mechanical difficulties. She cited the mishandling of insulators by people who move them to paint their houses; the hanging of heavy objects on the crank handles of the boxes, and the placing of flower pots, etc., atop the telephone boxes.

She told of the many little favors that are requested during the course of a day. Women go to visit their neighbors and asked that all calls be switched to the neighbors. Many ask that no calls be accepted on a particular day. Line repairmen are often asked to move furniture, deliver messages and even open cans.

Mrs. Totten said that often delays in service are caused by the customer's failure to give complete details of the call. The operator frequently has trouble in distinguishing the letters given after the numbers. Frequently customers ask for long distance numbers and then fail to give their own letter before hanging up.

The new dial system will be ready for operation in October, 1949, according to Mrs. Totten. It was hoped to have the equipment installed by October, 1948, but delays were encountered. She predicted that the new system

will have some critics as many of the personal favors now performed by the operators will be impossible with the fully mechanized system. She stated that installation of the dial system will improve the present fire alarm system. The person giving the alarm will start a certain number which will start the siren. Volunteer firemen will have a code key and they will be able to cut into the call and learn the location of the fire.

Mrs. Totten related that the company was started in 1907 by a small group of business men of whom only one is now living. There are now approximately 700 subscribers in New Wilmington and 225 in New Bedford. She stated that plans have already been drawn up for a new dial office. It will be of double-face glazed tile brick and will be erected near the present telephone office.

Harold Burns introduced the speaker.

President Norman Igo announced that District Governor Stanley Gillespie of Greenville will visit the club next Monday.

Guests included Atty. Roy Neville of Sharon, Arthur Brummitt of Evansville, Ind., and Dr. William J. Thomas of the college faculty.

SPKES TO KIWANIS CLUB

"How to Appreciate Music" was the subject of a talk by Edward Freeman, local music teacher, at Monday night's meeting of the Kiwanis club at the Methodist church.

Mr. Freeman said that one must be aware of the theme, the melody and the rhythm of the selection.

Griff Williams, president, read a letter from Kiwanis International congratulating the club for meeting one-half the quota of new members for the year during the first six months.

It was reported that Harry Shaffer, club member who has been a patient at the Jameson Memorial hospital for the past several weeks, may be discharged early next week.

Logan Buckwalter, a member, will speak on "Soil Conservation" next Monday night.

John Brown Jr. was a guest.

PARENTS-TEACHERS MEETING

Parents of first graders and of students who have entered local school for the first time, and a new teacher, were guests of honor at the Parent-Teacher Association meeting Monday night at the Methodist church. The new teacher is Mrs. Helen Thomas of Sharon. Fred Rowland, president, outlined the objectives for the coming year. He reported that the teen-age dances held at the park had been successful with an average attendance of 36. Holding of dances during the coming winter following high school basketball games is contemplated.

A unique attendance contest was announced. The home room having it's teacher and the most parents of students present each month, will be awarded a beautiful picture for display during that particular month. The room having the highest percentage at the end of the year will receive the picture.

A card party will be held September 24 at the home of Mr. and Mrs. Carlton Lehman.

Moreland Thompson showed a movie entitled "Visual Education". A delicious lunch was served by a committee headed by Mrs. James Elder.

NEW WILMINGTON NOTES

Miss Helen Dunn, a teacher at the high school, has resumed her duties after several days illness.

Mr. and Mrs. Arthur Brummitt and children, Don and Pamela, and Mr. Brummitt's mother, Mrs. Mona Brummitt, of Evansville, Ind., are guests of Mr. and Mrs. Harold Burns. Mr. Brummitt is traffic manager for the Bucyrus-Erie Co.

Youth Is Given Life Sentence

PITTSBURGH, Sept. 15.—(INS)—John R. Wilson, 26, today is sentenced to serve life in prison for the first degree murder of a Bethel Township policeman.

The verdict was loudly protested by Wilson's mother and his nine brothers and sisters who were in the court room Tuesday when Judge John J. Kennedy read the sentence.

Wilson's mother, Mrs. Mary Wilson, had urged her son to change his plea to guilty just before the trial opened.

Wilson was accused of participating in a burglary with Edward Dipofi last June during which policeman John Chymelinski was shot and killed. Dipofi, who fired the fatal shot, has been given a death sentence.

EPWORTH GROUP

DISCUSSES "CHINA"
"China" was the subject discussed Monday evening, when Group Three of Women's Society of Christian Service of Epworth Methodist church gathered in the home of Mrs. James Dunkerly, Scott street.

Mrs. James Edwards, leader of the program, spoke on "Methodism in China" and also read a letter from Miss Mary Shearer, a missionary in that country. Mrs. Grace Rodgers discussed the topic, "The Church Carries On In China," while Mrs. E. L. Young's theme was "The Church in the Orient."

Using "The Church in the Orient" as her topic, Mrs. Chester Reynolds led a worship period. Mrs. Ermin Alexander gave a talk on "Facts About Japan," while "Mrs. Jo Carries On" was Mrs. Earl Brook's topic. Mrs. Arthur Armstrong read "Eternal God Whose Power Upholds," a hymn. Mrs. Reynolds closed the program with prayer.

Mrs. Ray Bishop and Mrs. Armstrong aided the hostess in serving a tasty lunch. Mrs. Harry Marshall, Englewood avenue, will entertain Monday evening, October 1, at her home.

JOANN SARGENT AFFIANCED, TOLD
Mr. and Mrs. Frank T. Sargent, of 380 Neshannock avenue, announce the engagement of their daughter JoAnn Sargent, to Robert J. Richards, son of Mr. and Mrs. Ray Richards, of 1018 Winslow avenue.

Miss Sargent is employed at the Bell Telephone Company and her fiancé is with the State Highway Department.

No date has been set for the wedding.

A. and S. Club
Tuesday evening, Miss Emma Jannetti, 707 East Long avenue, was hostess to the members of the A. and S. Club.

After a short business meeting, sewing and dancing were the pastimes of the evening.

The club token was captured by Miss Nellie Capperino.

At a late hour a delicious lunch was served by the hostess, assisted by Miss Nellie Capperino.

The next regular meeting will be held, September 28 at the home of Miss Frances Capperino, 801 Florence avenue.

TO MAKE HOME IN

HAYTI, MISSOURI

Mr. and Mrs. Jack Enloe have arrived at Hayti, Mo., where they have taken up residence following their marriage on September 2 in the First U. P. church of this city.

Mrs. Enloe is the former Betty Buchanan Wray, daughter of Mrs. Harry Schultz, of 418 Leasure avenue, and Paul Buchanan, of Vandergrift.

Dr. S. E. Irvine officiated at the seven o'clock evening ceremony in the presence of relatives and a few close friends.

The bride, given in marriage by her grandfather, C. M. Hall of Delmont, was attended by Mrs. Clair E. McGeary. With her gown of ivory tulle, an original design, she wore a halo hat of laced velvet and carried a white Bible with a marker of delicate pink camellias.

William R. Diettinger, of Pittsburgh, served the groom as best man.

Following the ceremony there was a reception at the home of the bride's parents, Mr. and Mrs. Harry Schultz, where a buffet supper was served.

Before returning to New Castle last spring, Mrs. Enloe, a fur and hat model, was located in California and previous to that in New York City. Mr. Enloe, son of Mrs. Lottie Enloe, of Shreveport, La., is an employee of the American Telephone and Telegraph company.

ALLEN-GORST

QUIET WEDDING

At a quiet ceremony Saturday morning, September 11, at 11 o'clock in the First Pentecostal church of Wampum, Miss Catherine Allen, daughter of Mr. and Mrs. Robert Allen, of Beaver street, Wampum, became the bride of Edward H. Gorst, son of Mr. and Mrs. Robert Gorst, of 12 South Front street, New Castle. Rev. Edwin C. Schmidt officiated at the double ring ceremony before a gathering of immediate relatives and friends.

The bride was attired in an electric blue street length dress with dove gray accessories and wore a corsage of white gladiolus.

Mrs. James Kenahan, of New Castle, as matron of honor wore a pink and black street length dress with black accessories and a corsage of pink and red gladiolus.

James Kenahan, of New Castle, served the groom as best man. Following the ceremony there was a dinner served at the home of the bride's parents with Mrs. W.

McMillen, Mrs. Clarence Hepler, of Wampum, and Mrs. Stella Ben-trim, of New Castle, as aides.

The newlyweds left on a short wedding trip and upon their return will reside at the home of the bride's parents.

Mrs. Gorst is a graduate of Wampum High school and is employed at the Shenango Pottery.

Mr. Gorst is a graduate of New Castle High school and is employed at the Utility Lime Co.

President Has Too Many Duties Hoover Declares

WASHINGTON, Sept. 15—(INS)—Former President Herbert Hoover said today that the chief executive of the United States must be relieved of many duties now imposed upon him.

Hoover spoke before the National Press club in his first appearance before that organization since he left the White House. He appeared as chief of the so-called Hoover commission designated by Congress to reorganize the government.

Noting that the President has somewhere between 60 and 80 independent agencies directly under him, Hoover said he should have greater authority to delegate his responsibilities.

He said: "Should Be Relieved. 'If the President were to give each of these independent bureaus one hour a week he would have to devote at least 70 hours to them.'"

"We believe he should be free to deal with major policy. 'Most of these independent agencies don't get looked at all excepting by the Bureau of the Budget.'"

Hoover described the work of his committee as the most revolutionary in the history of the government.

He, as president, had been a great advocate of creating objective commission to study outstanding problems.

BRACING PARADOX
SOUTH BEND, Ind.—(INS)—It may seem hard to believe, but more physical effort is needed to stop most light trucks than the heavy, freight-hauling type. Tests by engineers at Bendix Aviation Corporation's Products Division here show that, in order to stop in the same distance, the driver of a one-ton truck has to push twice as hard on the brake pedal as does the driver of a 10-ton truck.

Must Build Up Earth's Resources Is Warning

WASHINGTON, Sept. 15—(INS)—A scientist declared today that the world faces "self-destruction" unless something is done to build up the earth's resources.

Dr. Stanley A. Cain of the Cranbrook Institute of Science made the statement in a paper prepared for the 100th anniversary meeting of the American Association for the Advancement of Science.

Cain declared that the world's natural resources are not adequate to "permit a continuing consumption at present world rates." He maintained that most of man's basic requirements for food, shelter, and clothing stem directly or ultimately from the earth.

The biologist asserted that "men everywhere must face squarely the dual problem of the conservation of natural resources and the limitation of population or continue along the path, with an accelerating rate, toward self-destruction." Cain said that the only real answer to the problem is the "successful education of the people in conservation." But he conceded that technological advances, invention of substitutes and a growing public awareness of the situation present "favorable factors."

The meeting also was told today that scientists, in developing the atom bomb, have managed to "thoroughly" frighten themselves as well as the whole world. Bryn J. Hovde, president of the new school for social research, declared that the atomic age has thrown new social responsibilities on scientists as the "stand in danger of being stripped of some of the freedom that is the primary condition of science."

Hovde did not explain his remark.

Boyle, Thompson To Be City Detectives

Effective Thursday, September 16, Jack Thompson and Thomas Boyle will become members of the city police department detective force having been elected to that position by council recently. Thompson joined the police department in 1936 and Boyle has been a member since 1938. During recent months they have operated as plainclothesmen. The recommendation for their elevation was made by Chief of Police Robert D. Hanna to Mayor John F. Haven, who submitted the recommendation to council. Their appointment was unanimous.

Fatal Accident Brings Sentence

LANCASTER, Pa., Sept. 15—(INS)—Foster Johnson, 38, of Philadelphia, today was under a sentence of from one to three years in the Eastern penitentiary after pleading guilty to three charges of involuntary manslaughter in three traffic deaths.

Prosecution was brought by State Police Sgt. John A. Anton in the deaths of Anton A. Bieberstein, 63, of Wheeling, W. Va., his wife, Adelaide, 62, and their granddaughter, Floyd Cook, six, also of Wheeling.

If you're the kind of person who likes to look behind the labels when you buy, then you're the very person for whom this brawny ROADMASTER was conceived.

We made it big not just for show, but for the very practical benefits in riding qualities to be obtained from bigness.

We gave it our huskiest power plant not simply to get impressive horsepower ratings, but to provide the brilliant action we think a fine car should have.

We mounted each wheel on its own soft, coil spring not merely out of tradition, but

because such springing lays the basis for more uniform comfort for back-seat passenger and driver alike.

We made handling light with a woman's touch in mind, provided deep, soft cushions and smart interior finish in the interests of gracious hospitality.

And finally we reserved for this, the largest and finest of all Buicks, the newest and silkiest form of power transmission.

Only Buick ROADMASTER of all cars on the road has Dynaflo Drive—only this strapping carriage, patterned for the particular

in all details, has the drive in which flowing oil replaces both the usual clutch and the familiar low-second-high gear sequence.

From such things has come a swing to ROADMASTER which makes prompt action advisable in placing a firm order. Your Buick dealer will accept yours either with or without a car to trade.

When better automobiles are built BUICK will build them

BUICK also has all these features: * DYNAFLOW DRIVE (Roadmaster Series only) * SAFETY-ARM RIMS * ROAD-RITE BALANCE * REX-PIVOT RINGS * 16-POINTE FIREBALL POWER * SAFETY-ARM RIMS * ROAD-RITE BALANCE * SHOCK TORQUE-TUBE * VIBRA-SHIELD RIDE * QUADRUPLEX COIL SPRING * AUTOMATIC SPARK ADVANCE * SOUND-CORNER TOP LINES * TEN SMART MODELS * BODY BY FINER

YOU'RE SAFER—

with ADEQUATE WIRING

When your doorbell rings at night you don't have to shiver and quiver and wonder what's outside. With Adequate Wiring, you'll have a permanent light at each entrance and, at the flick of a switch, can see instantly who's there.

Your home will be provided with switches at the top and bottom of each stairway. There'll be no more groping for lights... no more worrying for fear you'll go downstairs head first in the dark some night. No longer will you knock your shins against even familiar objects, or stumble over toys Junior's left on the floor. And when you bring the boss home of an evening you won't have to hunt for the light-pull before you can show him he's welcome. Adequate Wiring will provide a path of light to precede you wherever you go in your home and will make your life safer in every way.

Lights and switches are only a part of every Adequate Wiring installation. Other important features include enough and large-enough wires to insure that you will have—now and in the future—as much electricity as your home may need at any time; enough circuits so that all your lights and electrical equipment can always work at full speed and efficiency; enough outlets to provide comfortable, convenient and efficient use, always, of all your lights and electrical equipment.

Candidate For State Treasurer Makes Visit Here

State Senator William S. Lane Of Washington County Greets Supporters Here

As a part of his campaign for the state treasurership, State Senator William S. Lane, Democratic candidate of Washington county is in Lawrence county today.

Senator Lane arrived in New Castle Tuesday night and met friends and supporters in The Castleton hotel later in the evening. His program today calls for no formal meetings but rather, visits to various sections of the county.

"It is a good thing for state government when the fiscal offices and the executive offices are of different political faiths," said he.

"Such an arrangement provides for the proper checks and balances in government. It creates and maintains a healthy rivalry among the two major political parties, the sort of rivalry which means better officials and better government."

Senator Lane is serving his second term in the Pennsylvania state senate. Prior to that he served two terms in the house of representatives. He is also a county commissioner of Washington county.

Pro-Indus Club Meets Tuesday

Pro-Indus Club met at the home of William Sands Tuesday night for the first meeting of the 1948-1949 schedule.

Retiring president, H. Melven Black turned over the chair to the new officer, namely: Thomas E. Salisbury, president; Henry Dell, treasurer; and Claude C. Crill, secretary.

The remainder of the meeting was taken up in the appointment of committees by the new president and discussion of plans and activities for the coming fall and winter. After the meeting adjourned the members amused themselves with cards for a while and later a spaghetti dinner was served by the host.

Reveal Tragedy Of Circus Ship Sinking At Sea

HAVANNA, Sept. 15.—(INS)—Survivors of the ill-fated circus ship Euzkera told today how the vessel sank Sept. 1 leaving a tangle of screaming humans and animals in the Caribbean waters off Colombia.

Forty-five persons lost their lives when the 140-foot motorship sank 130 miles off Cartagena, Colombia in rough seas.

There were only 12 survivors. 11 of them were flown to Havana yesterday from Willemstad, Curacao, where they had been brought by a Norwegian vessel which rescued them.

The survivors told how 52 terrified horses, lions, monkeys and other animals from the circus menagerie were lashed to the deck in cages when it appeared the Euzkera would sink, and of the nightmarish experience which followed.

The motorship, struck by a huge wave, capsized and went down in five minutes spilling men, women and children, and howling animals into the sea.

William Veach Dies At Santa Cruz, Cal.

Word has been received here by Mrs. Ed. C. Wilson, 222 Englewood avenue, of the death of William Veach, 505 Leibrant avenue, Santa Cruz, Calif. According to the letter, his death was quite sudden last Saturday. Mr. Veach was a well known former resident in this city, having been connected with the City Rolling Mills. In California, he was the operator of a large apartment house.

Surviving are his widow, Mrs. Mame Thompson Veach; three children, William, at home; Mrs. Howard Daggett of Townsend, Montana and George Veach of San Francisco, Calif.

Funeral services were held at Santa Cruz, with interment there.

NOTED PROFESSOR AT STATE COLLEGE TAKEN BY DEATH

STATE COLLEGE, Pa., Sept. 15.—Messages of condolences from friends and acquaintances poured in Tuesday to the widow of Dr. Samuel I. Beechdel, 62, professor emeritus of dairy husbandry at Penn State College, who died Monday in Blair Memorial Hospital.

Dr. Beechdel gained international notice in the late 1920s when he cut a "window" into the side of a milk cow. By this experiment he established that cows do not need extra vitamin B complex in their diets.

The famous professor served Penn State for 32 years before his retirement three years ago.

Slump Noticed As Younger Men Present Themselves For Registration

Whereas over 800 were registered in the 21-year-old age group last week, the youths in the 30-year bracket only totaled 387, it was reported by City Draft Board 87 today. Only 150 were registered on Tuesday.

Men in the 19-year-old class are being registered today, and the volunteer workers who are assisting with the task did not seem to be rushed this morning.

This may be due to the fact that a lot of youths of this age have returned to college, or are already in service.

To End Saturday
Men who were born in 1929 will be registered again tomorrow, and the special registration will end on Saturday, the 18-year-olds being called for registration Friday and Saturday.

Assisting with the registration work today were: W. Jayne Wallace, Robert K. Carnes, Mrs. Dorothy Wallace, Miss Margaret Toepfer, Walter O. Davies, Mrs. L. G. Dennis, Miss Rose Cavallo, and Mrs. Marge Zoltani.

Chief Clerk J. R. Little of County Board 86 stated today that the number certified to state headquarters, up to September 10, totals 2260. As soon as the special registration ends, the cards will be received from the outlying districts, when a final check can be made.

The Pillars of Hercules are two hills on opposite sides of the Strait of Gibraltar, so-called because of the myth that they had been torn asunder by Hercules to admit the flow of the ocean into the Mediterranean.

Discuss Red Cross Safety Program For Lawrence Co.

Charles A. Freeland, Eastern Area Representative for Safety Services, American Red Cross, visited the local chapter house Monday and Tuesday.

The local chairmen of the safety service for water, Arthur Alexander, for first-aid, Mrs. Plummer Gibson, and accident prevention, Mrs. Theodore Castele, discussed with Mr. Freeland plans for the enlargement of the safety program in Lawrence county.

Mr. Freeland remarked that he was very much impressed by the year around water safety program being conducted locally by the mayor's recreational council and the Red Cross. This is an unique arrangement for cities of comparable size and because of its success, the plan may be a pattern for other cities.

The local chapter was complimented also for its on the job first aid program during the past summer. Over five hundred hours were put in at conveniently located first-aid stations during the time of the sesqui-centennial celebration, the orange crate derby and large picnics.

County Schools Are Shy Three Teachers

Superintendent of Schools, John C. Syling, reported this morning that the need exists for three teachers in county schools if the school programs are to operate smoothly.

At Princeton in Slippery Rock Township, a teacher is needed for the intermediate grades. At Tent Hill in Mahoning Township, the upper grade classes need a teacher.

At Hillsville, the primary grades lack a teacher.

Any qualified teacher in the county who desires to apply for the positions can contact Mr. Syling at his office in the Court House.

STOCK MARKET TREND UPWARD

Prices Pointed Fractionally Higher In Forenoon Trading In New York

NEW YORK, Sept. 15.—(INS)—Stock market prices pointed fractionally higher in forenoon trading today, extending the technical rebound which began yesterday.

A good portion of the gains was recorded at the opening when half point advances dotted the list. First hour turnover approximated 180,000 shares. Activity slowed in the latter part of the period.

Theft Reports

Made To Police

Considerable equipment was stolen from a parked truck and a foundry last Saturday night or Sunday, according to reports made to police. Detectives are investigating the thefts.

C. D. McDonald, Rochester, said Kenneth Blinn, also of Rochester, parked a truck at Robinson's, in Butler avenue, Saturday night. Stolen from it were:

Two safety belts, four sets of rope blocks, one throw line, four sets of climbing hooks, two pairs of heavy pliers, a brace and bit, two crescent wrenches, three three-pound hammers and one connector pliers.

The value of the stolen articles ranged from \$175 to \$200. New Castle Foundry company, Robert street, reported stolen: welding outfit, several gauges, hose and torch, and two electric grinders.

The Magic of PERMA-STONE

All the attributes of a stone facing without the expensive cost is available for remodeling or new building. PERMA-STONE is a stone-like veneer that looks like stone, has all its finer features and is permanent. It is not a locked-on siding. Each block is cast and applied individually, like stone.

PERMA-STONE encases the building from the ground up in a stone-like, weather-proof, steel reinforced, concrete armor, which greatly strengthens the walls.

New Indiana U. Coach Faced with Tough Job

By LEO FISCHER
(International News Service Staff Writer)

BLOOMINGTON, Ind., Sept. 15.—Things haven't changed much around Bloomington since last Spring, when Indiana had a new coaching staff, a 7,000-seat addition to its stadium, the toughest scheduled in its history and plenty of problems. . . . Clyde Smith, who succeeds the departed Alvin "Bo" McMillin as coach of the Hoosiers, is going to make what promises to be a rugged bow. Indiana's freshman squad last year was one of the silliest in the conference, but it still must be counted on heavily to fill out the remnants of the 1942 team, which won two, lost three and tied one in conference play.

Veteran Backfield. Most of the veterans are in the backfield, including two young men with explosive possibilities. They are George Talafiero of Gary, Ind., and Harry Jagade of River Grove, Ind.

The former returned from Army service last fall and wasn't up to his pre-war standards, but they're looking for All-American performance from the little Negro this season. Jagade paced the surprising defeat of Purdue in the Indiana finale last year and is one of the Big Nine's better fullbacks. . . . Nick Sebek, John McDonnell and Del Russell are the only other veterans backs. Sebek replaces Rex Grossman at Quarterback. Russell was the team's leading passer with 18 out of 27, five for touchdowns, last season.

Some Look Good. Some sophomores, notably Wayne Benner of La. Forte, Ind., Alan Linbman of Covington, Ky., Fred Valane of East Chicago, Ind., and Milan Sellers of Barborton, O., look like potential backfield stars. Putting an adequate line in front

of these backs, however, is the question. If Captain John Goldsberry gets over his knee operation well enough to swing his 220 pounds at tackle, it will do much to settle part of the worries. . . . George Karstens and Joe Polce, both centers, and tackle Wilfred Rawl are the only line regulars returning. . . . Among the better fill-ins from last season are the half-backs Bartkiewicz, Joe at end and Walter at guard, and Frank Hoppe and guard Slug Witnick, who is also a place-kicking specialist. And by the time Indiana gets into the stretch run against Minnesota, Michigan, Notre Dame and Purdue, Coach Smith may be getting real help from half a dozen or so ex-freshmen.

Louis Will Make Decision Dec. 25

WASHINGTON, Sept. 15.—(INS) — Heavyweight Champion Joe Louis will tell the National Boxing Association Convention in Philadelphia tonight that he will make no decision on retirement until December 25.

This disclosure comes from Marshall Miles, Louis' manager, who is in Washington to inspect training facilities and line up sparring partners for the champion who meets Pat Comiskey, of Paterson, N. J., in a six-round exhibition at Griffith Stadium next Monday.

Miles said he had no indication of what Louis' eventual decision will be but declared that the Brown Bomber will withhold it until Christmas Day. That is the last day of the six-month period he has for making known his plans.

Report Don Black Somewhat Better

CLEVELAND, Sept. 15.—(INS) — The condition of Don Black, Cleveland Indians' pitcher, was reported "a little brighter" today by authorities at St. Vincent Charity Hospital in Cleveland. . . . Black was admitted to the hospital after he suffered a subarachnoid hemorrhage while fouling off a pitch in Monday's game with St. Louis. . . . The 30-year-old pitcher had progressed from unconsciousness into a semicomatose early today. The hospital reported that no paralysis had developed, which is a good sign. . . . Dr. Spencer Braden, brain specialist who was called in the case by Dr. Edward B. Castle, Jr., club physician, said yesterday that Black "looked better" and "I think he is a little better."

SIDE-BALLOTS

Notice hereby is given that the County Commissioners invite sealed bids for the purchase of 10,000 side ballots for the books, furnishing and delivering to the Court House, New Castle, Pennsylvania, for use at the General Election of 1944. The said ballots will be necessary ballots for the General Election to be held Tuesday, November 3, 1944. The said ballots will be sold at the price, units for each bid to be on the basis of 1,000 ballots and when the number of units is not a multiple of 1,000, the price for the remaining units will be paid for on a pro-rata basis. The said ballots will be sold in units, essentially as used in the General Election of 1944. Complete forms for the said ballots will be furnished and identified from the Commonwealth of Pennsylvania, may be examined in the office of the County Commissioners.

In making said bids each bidder shall understand and agree that said ballots will be filled and the names of the candidates for the same, with the width and location of margins required by the laws of the Commonwealth of Pennsylvania, and in all things, and in all respects comply with said laws.

The County Commissioners further require to assume that the approximate number of ballots will be as follows:

ARTHUR WEED, AUCTIONEER
 Care of J. B. VICKERS

[illegible]

shall make clear their choice property at all times and in all places, and shall keep the same in a safe and sanitary condition, filling any holes or depression in the said lot or lots, during the same.

All bids shall be accompanied by a certified check or cash deposit of twenty-five per cent of the purchase price, to be held in escrow, and the faithful performance thereof.

Council reserves the right to reject any and all bids.

JACK N. FRITZ, City Clerk.

First Woman Goes To Senate From Maine

SKOWHEGAN, Me., Sept. 15.—(INS)—America's first elected Republican woman senator was sworn in with telephone calls to her little white cottage in Skowhegan, Me., congratulating her over her election.

Margaret Chase Smith, who has been a Republican congresswoman for five years, said:

"I guess the Democrats helped me out, too. You see, I got a tremendous vote."

"Mother and I (mother is Mrs. George E. Chase, 75) were hostesses at an open house party during most of Monday night, and mother didn't seem to get tired at all."

Was Phone Operator

The gray-haired new national senator has been in public life for five years. Previous to that time she was a telephone operator in Skowhegan, a newspaper in that town, and the wife of Rep. Clyde Smith, whom she succeeded as Maine's congressional representative from the Second District.

Mrs. Smith graduated from Skowhegan High school in 1916, and 28 weeks thereafter taught in a country school for the princely salary of \$8.50 a week. Her room and board took five dollars of that.

She also helped coach the Skowhegan girls' basketball team and accompanied it on Friday night games out of town.

The telephone company rescued Mrs. Smith from the teacher's job when they offered her \$12 a week as an operator. Two years later she switched to the staff of the Independent Reporter of Skowhegan.

Moved Into Mansion

Six years thereafter she was employed by the Cummings Woolen mill at a salary of \$50 a week, and she was working for the mill when she married Clyde H. Smith, and moved into his fashionable 30-room mansion on Skowhegan's fashionable Fairview avenue.

Mrs. Smith as in previous campaigns, did not mention her opponent in this, Kansas-born Dr. Adrian H. Scloten.

Mrs. Smith, a member of the House Armed Services Committee, in campaign speeches, expressed the hope that Canadian-American defense parleys can be held at "working level" as well as on the policy level.

She said world conditions have forced the two countries to "relegate our borderline to an imaginary status."

Substituted for Husband

On the other hand, Dr. Scloten flayed the charming and popular Mrs. Smith's record in the House, saying it showed a "steady, steady, steady" response to every snap of the Republican whip . . . of course she has been looking with longing eyes toward the senator.

Mrs. Smith entered politics at the suggestion of a doctor. When her husband was dying she consented to substitute her name for that of her ailing husband in the Maine congressional election in 1940. He died before the election, and his wife was elected to his House seat.

She has held it without interruption up to this year, when she relinquished it to run for the Senate.

Croton School Schedule Gets Smooth Start

Visitation of the grade school reporter to the various schools of the city has been started with the Croton school paid a visit on Tuesday afternoon. Although school has been in operation for only five days, work was progressing with a smoothness that only experienced teachers could get into effect in such a short period.

Gleaming in at the first grade classes it was found that 70 youngsters were undergoing their first taste of school life with the teachers having the classes under control with yearning for home experienced by some of the smaller ones almost all gone. Boys and girls in the second, third and fourth grades were busy as beavers on certain projects which they were starting.

The fifth and sixth grade classes have made good progress in the art classes under the supervision of Mrs. M. N. Brown. Drawings of trees and leaves in keeping with the fall season have already been completed. Flower stencils are in the process of being made by the eager artists. A life size portrait of Mary and her little lamb adorned the art room and was drawn by Mrs. Brown.

An interesting project is under way in the making of dolls from men's wool work socks brought to school by the boys and girls. Yarn is used for the eyes, nose and ears and other decorations on the amusing little dolls.

President's Friend Trails Republican In Washington

SEATTLE, Wash., Sept. 15.—(INS)—Gov. Mon C. Wallgren (R), personal friend of President Truman, trailed his Republican opponent early today in votes garnered during yesterday's primaries in 44 of Washington state's 3,456 precincts.

Wallgren, however, maintained a better than a two-to-one lead over his Democratic opposition in the primary gubernatorial race.

Wallgren, with 21,942 votes, was shaded in early returns in the long-time predominantly Democratic state by former GOP Gov. Arthur B. Langlie, with 23,878.

The two appeared certain to face each other in the November election.

Sound Film Will Be Shown Sunday

"Salt of the Earth," the new religious motion picture of the United Lutheran Church in America, will be shown Sunday, September 19, at 7:30 p. m. in Bethany Lutheran church, 1016 East Washington street, it has been announced by the pastor, Rev. Thomas W. Baker.

The picture was produced as a special feature of the thirtieth anniversary of the United Lutheran church being celebrated this year. Many of the scenes were photographed in the coal fields of Pennsylvania and farm lands of the state. Theme of the film is Christian stewardship, the practice of Christian religion.

Autumn Warning—Be Fire-Sighted!

Be fire-sighted about fire hazards this fall.
The National Safety Council warns that cooler weather brings a hotter time in many an American home.
Burning leaves is one autumn practice that keeps the fire department on the jump. Just to make sure they won't arrive too late at your house, never burn leaves when it's windy. Burn them in a wire mesh container, and don't go to bed at night unless you are sure the fire is out.
A person must live in the states of Alabama, Louisiana, Mississippi, Rhode Island and South Carolina for a period of two years before becoming eligible to vote.

FARMERS FORCED TO HAUL WATER

HARRISBURG, Sept. 15.—(INS)—Extremely dry weather in the northeastern Pennsylvania dairy region has forced many farmers to haul water for livestock it was reported today by the State Agriculture Department.

Dry conditions also prevailed in western counties, while frequent showers over southeastern and central counties relieved conditions, according to the department.
Crops thrived in areas which received sufficient rain but soils still were too dry, delaying the seeding of winter grains.
